Trip summary

The beautiful Clarée Valley is situated in France near the Italian border; a hidden Alpine gem that has remained remarkably unspoiled. With an abundance of wildflowers, variety of wildlife, traditional Névache architecture and a network of mountain trails, the protected Clarée Valley is a hiker's paradise.

On this excellent new walking holiday you will discover the full splendour of the Clarée Valley through a comprehensive programme of well-paced day walks in the company of a knowledgeable and highly experienced local guide who will readily identify the many different flowers, animals and birds you encounter. You will explore the varied landscapes, see several well-known peaks such as the Black Needle and the Hand, and immerse yourself in the spectacular scenery which rises from verdant valley floor to the towering backdrop of the Écrins mountains at over 4,000m.

Visit in summer to see the Clarée Valley carpeted by a dazzling kaleidoscope of wildflowers alongside glittering, blue glacial lakes. Whilst in the autumn months, the larch trees change to a gorgeous bright yellow, the mountain lakes freeze and, although rare, you may even enjoy a sprinkling of snow.

Throughout, your holiday you will stay at the welcoming family-run L'Echaillon hotel in Névache where you will find a well-equipped spa, comfortable accommodation and superb food with a daily menu of delicious local dishes; in fact everything you need to relax and replenish after a good day out on the trail.

Please note that this itinerary may vary based on weather conditions and/or the recommendations of your guide.

Your trip itinerary

Day 1: Fly London To Turin. Group Transfer to Hotel.

You will be met at Turin airport by your guide and transferred in a private minibus to your hotel across the border in the south-eastern part of France. This will be a group transfer and takes approximately 2 hours; if you are booking your own flights please contact us to confirm arrangements.

Once you have passed the French-Italian border you will enter the Névache district and start zigzagging your way down to the base of the valley, passing through short mountain tunnels and getting your first tantalising glimpse of what the week has in store. The Clarée Valley is a glacial valley in the French Alps situated at 1,600m above sea level and entering it is rather like stepping back in time. Indeed, as you drive into the valley you may even find yourself delayed by the local shepherd and his herd of sheep, goats and donkeys.

Overnight: L'échaillon Hotel, Névache

Day 2: Muandes Valley and lakes walk, 2,580m/8,465ft - 700m/2,297ft ascent, 6-7 hours.

The day begins with a picturesque 20 minute transfer to the end of the valley travelling through several small hamlets that make up the Clarée Valley.

Your walk starts on a wide gentle track, passing by the Cerces mountain range and La Main de Crepin (the Hand) before starting to climb up the Muandes valley. The ascent is fairly steep to start with and the trail passes fresh water rivers, green-winged orchids and fluorescent lichen covered boulders. Looking back down you will enjoy breathtaking views of the Clarée Valley beneath you. After an hour and a half of steady climbing you will arrive at the first lake of the Muandes series - Lac Long.

After a short break to enjoy the glorious view and have a small snack, you will continue up to the next lake. A brief section of the trail requires you to scramble over rocks in order to reach Lac Rond where you may start to see glacier buttercups and patches of snow.

A further hour will take you up to the Lac des Muandes, 2,580m, where you will take a well-earned rest and enjoy your packed lunch. Here the guide will discuss the option to hike a little further up the valley to Lacs de Madeleine, 2,629m, and, together with your group, you will either continue up or start hiking back down on a slightly different trail.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 3: Trek the Chardonnet valley up to Col du Chardonnet, 2,638m/8,655ft - 900m/2,953ft ascent, 6-7 hours.

Today's walk is in ibex territory and offers fantastic post-glacial scenery leading to a stunning viewpoint at the Col du Chardonnet. Following a short transfer to the Chardonnet Valley trailhead the path climbs up through pine woodland, bringing you out onto a wild flower meadow with a beautiful view of the Clarée Valley. You will pass by traditional log cabins, frothy waterfalls, the Chardonnet mountain refuge and simple shepherd huts on your way up the valley. During your ascent to the Col du Chardonnet, your guide will share some fascinating information about the glacier and how it has shaped this valley during your ascent to the Col du Chardonnet. Keep your eyes peeled, and ears open for the infamous 'whistling' marmots!

After walking for two and a half hours you will reach the Col du Chardonnet. Here you will stop for lunch giving you ample time to take in the exceptional panoramic view of the Roche Robert, Roche Colombe peaks and beyond. Once everyone is well rested, the guide may suggest exploring the col and show you remnants left over from old mine works before heading back down on an alternative path.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 4: Gardioles Valley and lakes walk, 2,700m/8,858ft - 700m/2,297ft ascent, 6-7 hours.

Today you will discover the stunning Gardioles Valley and its many lakes, a really classic walk! The day begins with a short transfer to the trailhead before starting your climb up an old rocky trail surrounded by conifer trees and hundreds of wild flowers during the summertime.

You will see mountain dwellings, ruins and the Ricou refuge on your way up to Lac Laramon - the first lake in the valley. It will take around an hour and a half to get to Lac Laramon and a further 30 minutes of ascent to reach Lac Serpent; a beautiful little green lake with incredible views across the Ecrins range. The final cluster of tiny lakes, known as the Les Gardioles take you high up into the mountains where you can fully appreciate the awe inspiring views.

You will then make your way back down the valley with the option of stopping at the refuge for tea and cake - so remember to take some cash with you.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 5: Walk along the Clarée river to Névache and up to Les Combes, 1,928m/6,325ft - 6-7 hours.

After breakfast, and a short 10 minute transfer, you will set off from the Laval refuge situated within the Clarée valley itself. This location was where the locals would once bring their cattle to be milked so that the produce could then be processed and shared amongst the community of the valley. You will follow the path along the Clarée river, a trail which has been trodden by the local people for hundreds of years. The route takes you past waterfalls, traditional homes and ancient pastures, and, depending on the time of year, you may see an abundance of currant bushes, butterflies and beetles.

The trail brings you into the village of Névache where you have time to explore and enjoy your picnic lunch before beginning the afternoon walk up to Les Combes.

From the village you follow the path known as the small balcony, rising above the village and across the terraces below the Grand Chalanche to Les Combes. Finally, you make your way down to arrive back at your hotel.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 6: Trek around the Oule and Cristol Valleys - 900m/2,953ft ascent, 6-7 hours. Optional climb of Gardiole Peak, 2,753m/9,032ft - 2 hours.

Fortville bridge is the starting point for today's walk, just a short transfer from your hotel. From the bridge you climb up across terraces and through a larch forest which turns a brilliant shade of yellow in the autumn. Initially the climb is steep as the path rises over the main valley shoulder to reach the suspended Cristol Valley, where sparkling lakes and flowers await.

Once you are at the entrance of the valley (around 2,100m/6,890ft), the path becomes gentler and the forest slowly disappears to make way for alpine meadows where Cristol Lake is. You continue your climb up above the lake on a trail that eventually brings you to the Oule Valley and lakes. Oule Lake is easy to identify with its distinctive heart-shape. After enjoying lunch you will make your way down the Oule valley and back to Névache.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 7: Walk the Cerces Valley to Col des Cerces, 2,574m/8,444ft -700m/2,297ft ascent, 6-7 hours.

Once again, it is only a short transfer to the end of the valley road from where you will start your walk into the Cerces valley, climbing up to the three lakes that are the source of the Clarée river. On the way you will have superb views of the surrounding mountain ranges and Black Needle, walk pass the Drayeres refuge and an old military outpost carved into the mountain face, and enjoy the vibrant pink rhododendrons and great yellow gentians that carpet the trail in the spring and summer months.

Your climb continues up to the Col des Cerces, 2,574m/8,444ft, and down to another lake - Lac des Cerces - which is a great place to stop for lunch and look for Ibex that are often seen in this area. Well rested, you head back down the mountain to the Drayeres refuge for a drink and snack if you fancy.

Overnight: L'échaillon Hotel, Névache (Meals: BLD)

Day 8: Transfer to Turin airport. Fly to London.

After breakfast there will be a group transfer back to Turin airport for your flight to London. **(Meals: B)**

The nature of adventure travel

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

What our clients say

Excellent walking with beautiful, varied and unspoilt mountain scenery. October was a great time to visit with the brilliant autumn colours, and it was very quiet. Antoine Allier, our friendly and knowledgeable guide, was outstanding.

-Derek and Sheila, Cambridgeshire (Tailor Made holiday)

The Claree Valley far exceeded my expectations as a walking destination. Every corner we turned revealed another astonishing vista. The autumnal colours were so bright, the trees seemed to glow. The trip covers two valleys and each day begins in a different area. There are walks in the valleys, along the ridges, down through gorges and to high mountain ponds. The paths were well marked, if challenging in places. Our guide Antoine Allier was excellent - enthusiastic and knowledgeable.

-Mandy C

A beautiful unknown valley. We discovered so many wild flowers - new ones each day. Our guide, Stephanie, was very knowledgeable and friendly, adapting our itinerary due to changeable weather. The hotel was very good - excellent food and friendly staff.

-Paul & Margaret, Tyne & Wear

This was such a wonderful trip and a very special place! The Clarée Valley has got to be one of the most beautiful areas I have been to. It is hiking and photography heaven. Antoine is a brilliant guide, very friendly and a fountain of knowledge. I would love to go back!

- Ms McQuilton, Gloucestershire

Hiking in the Clarée Valley was one of the best holidays I has ever had. Constantly surrounded by beautiful flowers and wildlife and rewarded by spectacular views and lakes. Our guide Antoine was fantastic and was able to answer all manner of questions about the area and flora and fauna. I would definitely go back and can't recommend it enough.

- Miss L Eveleigh, Gloucestershire

If you like alpine walking, and have any interest in the flowers, this is the trip for you. The walks are satisfying in their own right, but there is also enough time to find out about and photograph the stunning variety of flowers that you will see. The guide, Antoine, has an encyclopedic knowledge, great enthusiasm and perfect English. The hotel is friendly, with good food. We visited the Claree Valley last October for the autumn colours. The change of season complemented this experience.

-Jane & Roger, Surrey (Tailor Made holiday)

Mountain Kingdoms - distinctly different

Truly independent

In an age where many so-called 'independent' travel companies have in fact been bought out by multi-national giants, we remain fiercely independent with all the benefits this offers our clients.

Value for money prices with an emphasis on quality

We are not in the business of cutting our itineraries and services to the bone to offer eye-catching cheap prices. We use some of the best airlines, and typically 3 or 4 star hotels in cities. We include the majority of meals and private transport for road travel. We use excellent equipment and appoint well-trained staff and leaders. Last year, over 98% of our clients rated their Mountain Kingdoms holiday as 'excellent' or 'good'. We are members of AITO and bound by their quality charter.

Complete financial security

You can book with us confident that your holiday has full financial protection. Flight inclusive holidays are financially protected by the Civil Aviation Authority under ATOL licence number 2973 and 'Land Only' holidays are covered by a bond secured with ABTOT.

No Surcharge Guarantee

Your peace of mind is important to us so we have a No Surcharge Guarantee on all Land Only and Flight Inclusive bookings. This means that there will be no change to the price of your holiday once we have confirmed your booking, regardless of fluctuations in exchange rates or fuel prices.

Award winning Responsible Tourism

We feel strongly that all our holidays should benefit local communities, protect the environment and respect local traditions, religion and heritage. You can read more about the charities we support and our Responsible Tourism commitments and initiatives on the following page or at www.mountainkingdoms.com.

Genuine small group travel

Almost all of our holidays have a maximum group size of just 12, plus leader. This provides more contact with your leader, readier access to off-the-beaten-path areas, greater interaction with local communities and a reduced environmental impact.

Loyalty Discount

If you have previously travelled with us we recognise your loyalty with a discount on future trips.

Booking your holiday - it couldn't be easier

Once you've chosen your Mountain Kingdoms holiday you can book online, call the office or complete and post a booking form which can be found in our brochure or downloaded from our website. If you would like to hold a place on one of our trips, whilst you make up your mind, please give us a call to make a provisional booking. This is a no-obligation, no-cost booking and we will hold your place until space comes under pressure or we need your decision.

Comprehensive information

When we receive your booking we send you a full trip dossier which contains details of visas and vaccinations required, a suggested gear and clothing list and lots of useful information. In fact, everything you need to know to give you peace of mind and allow you to prepare for your trip of a lifetime.

RESPONSIBLE TOURISM STATEMENT CLIMATE EMERGENCY PLAN

For over 33 years, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now offer trips to all corners of the world, but we are conscious that inevitably our holidays have a detrimental impact on the world around us, and we want to do all we can to reduce our carbon emissions. We are a signatory to Tourism Declares a Climate Emergency, along with a growing number of like-minded, reputable tour operators. For more information, please visit www.tourismdeclares.com

From 2020 onwards, we will be focusing on how we can reduce the carbon emissions that our holidays produce, and how to counterbalance this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole:

Carbon Offsetting

Already doing:

- ✓ We have been offsetting carbon since 2007, but will be increasing our donations to the [Ecoan tree planting project](#) in Peru this year. This is with a trusted partner where the funds go directly to a project where the community plants trees on its own land.

Will do:

- ✓ We are working on making our carbon offsetting more accurate and targeted.
- ✓ In future, we will add to that a further estimate for carbon produced by hotels, local road travel, trains and internal flights to arrive at a carbon offset sum for each trip we operate.
- ✓ Carbon offsetting will be included in our holiday prices. For our Flight Inclusive holidays it will include the international flight and any emissions produced by inland travel and accommodation. Our Land Only prices will include the cost of offsetting emissions caused by inland travel and accommodation.

Reducing Carbon Emissions

Already doing:

- ✓ We already offer the majority of our customers a free filtered water bottle which means they can instantly cut down on their single-use plastic consumption. This will be an ongoing project.
- ✓ We already predominantly use locally owned hotels, but will continue to ensure that, where possible, we use these rather than multinational chains.
- ✓ We have joined the Tourism Declares a Climate Emergency initiative to stand alongside like-minded travel companies, to work together to initiate best practices to make tourism as sustainable as possible.

Will do:

- ✓ We will re-evaluate our flights to make sure we are using the most fuel efficient airlines with the youngest fleets and, where possible, direct flights for each trip.
- ✓ We will stop offering unnecessary optional flights – for example our Everest sightseeing trip.
- ✓ We will eliminate unnecessary staff flights wherever possible.
- ✓ We will look at minimising internal flights.
- ✓ We will be asking all our worldwide agents and suppliers to look at their own carbon footprint and encourage them to reduce it.
- ✓ We will promote our more low impact trips to give customers an informed choice.

As part of our wider commitment to Responsible Tourism, we will continue to support a number of charities with whom we have had a long standing relationship over many years. These include: Shiva Charity in Nepal (Ginette Harrison School), Simien Mountains Mobile Medical Service and Porter Welfare, as well as setting aside a sum for emergency disaster relief should the need arise.
