## Trip summary

---

This trip to Mera Peak is a highly scenic, exciting and challenging objective for the very fit and keen hill walker. Familiarity with rough and rocky terrain is essential and experience of walking on snow with ice axe and crampons is strongly advisable. The walk is very beautiful and takes you through the remote and forested Hinku and Hongdu valleys. Not only is the walk into Mera an excellent trek in its own right, but it provides invaluable acclimatisation for the peak. The standard route over the Zetra La does not provide such good acclimatisation. We use the Zetra La route for our return journey to Lukla, which means you are not re-tracing your steps and our route provides variety and contrast. An ascent of Mera Peak is a very physically demanding undertaking, so you should be in a good state of physical fitness. However, an ascent of the peak does not involve any technical difficulties. As you progress beyond the Mera La up to the High Camp and beyond, you are rewarded with an incredible panoramic vista of Himalayan giants such as Everest, Lhotse, Nupste, Cho Oyo, Kanchenjunga, Ama Dablam, Chamlang and Makalu.

Despite the physical demands of the trip, this is a fully guided and supported expedition, so all you need to concentrate on is the mountain. On the walk in you will stay in tea houses which have now been built along the route meaning you will camp for just two nights as you ascend Mera Peak. Your kit will be portered for you, so you just need to carry a light day sack. There is no load carrying involved. While camping, all your meals are cooked and provided in a dining tent. You will struggle to eat the quantity of excellent, nutritious and varied food provided by our cook. Hygiene is a priority too. We do our utmost to ensure you are well when you arrive at the foot of the mountain and with plenty of reserves to tackle the peak. Safety is also our priority, so this trip will be led by an experienced, UIAGM guide who has climbed Mera Peak several times. They will be assisted by Climbing Sherpas who have also summited Mera Peak.

We believe you will have an unforgettable experience on Nepal's highest trekking peak.

## Special notes

### Lukla flights

Flights to and from Lukla are weather dependent. If bad weather means that you cannot fly from Kathmandu to Lukla on the specified day, then you may have to drive in to Phaplu (a two-day drive), and walk in from there. If you cannot fly back from Lukla to Kathmandu at the end of your trek on the specified day, due to bad weather, we have allowed a buffer day so that you don't miss your international flight. However, if it looks like bad weather will continue for a few days, then our agent may propose a helicopter flight for the group, which would be by consensus with the group, and would result in extra cost, payable to our agent at the time.

### Climbing Sherpas

Your trip will be led by an experienced UIAGM guide assisted by Climbing Sherpas who will have previously climbed Mera Peak. For every 4 clients in the group there will be 1 Climbing Sherpa.

### Do you need to refresh your mountaineering skills?

We run a five-day Introduction to Alpine Mountaineering in the Swiss Alps. Led by a fully qualified and highly experienced British mountain guide, this includes a day learning/refreshing your snow and ice skills on a glacier, a via ferrata ascent and a climb of a 4,017m peak - the Weissmies. Contact the office, or download the itinerary for full details of our Introduction to Alpine Mountaineering.

---

## Day 2: Arrive Kathmandu. Group transfer to hotel.

---

On arrival in Kathmandu you will be met and transferred to your hotel.

---

## Day 3: Fly to Lukla, 2,866m/9,403ft. Trek To Puiyan, 2,835m/9,301ft - 6 hours.

---

You will be transferred from your hotel to the airport for the flight from Kathmandu to Lukla. This is one of the most spectacular flights in the world. Twin Otter aircraft fly this route above contrasting country, with the snow line of the Himalayan range to the north and the rugged foothills of Nepal immediately below and stretching away to the south. The landing at Lukla airstrip, 2,866m/9,403ft, adds considerably to the general excitement and expectation. On arrival you can have a cup of tea while the crew sort out the baggage.

As you leave Lukla, you take a sharp left turn and head south, descending through rhododendron forests, stunning when in bloom in spring. Dramatic views of the Dudh Khosi slicing through the steep forested valley greet you on your right.

It takes about one hour to weave your way down the trail to Surke, 2,339m/7,674ft. There is a good, flat piece of ground with the Surke Khola running through it, which provides a fine spot for a light lunch. You have good views of Mount Kumbila, 5,761m/18,900ft, looking back up the valley beyond Namche. It is a steady climb of around 2-3 hours to reach Chotak La, 2,945m/9,662ft, and then you contour for about an hour to reach Puiyan, 2,835m/9,301ft, which will be your base for the night. Puiyan is an attractive village with a scattering of lodges.

**Overnight: Tea House (Meals: BLD)**

---

## Day 4: Trek to Pangom, 2,850m/9,350ft - 4-5 hours.

---

Today you begin climbing gradually until you can enjoy the view of Cho Oyo, 8,201m/26,906ft. After about an hour or so of walking and after crossing the Poya Khola, you turn off the main Jiri-Namche trail and onto the old trade route, climbing up to the ridgeline overlooking the Khare Khola. There you have good views of the old Everest expedition walk-in route from Jiri and the dramatic Dudh Kosi ('milk river'). You cross the Khari La, 3,081m/10,108ft, before descending through a spectacular rhododendron forest to Kharte, 2,683m/8,802ft.

You now leave the main trail and begin contouring to the east. Lunch is enjoyed by a subsidiary stream of the Khari Khola. After lunch, you contour round the hillside through sessile oak forest for about an hour before a steady climb for three quarters of an hour up to the attractive farming and trading village of Pangom.

**Overnight: Tea House (Meals: BLD)**

---

---

**Day 5: Trek from Pangom to Najing Dingma, 2,850m/9350ft - 6-7 hours.**

---

It is a short climb of about half an hour through rhododendron forest to reach the top of Pangkongma La, 3,178m/10,426ft. This is the watershed of the main tributaries of the great Dudh Kosi River and from the pass you will enjoy your first views of impressive, snow-capped Mera Peak. From the pass you make a steep descent for half an hour to the village of Sibuje, 2,770m/9,088ft. From Sibuje the trail undulates along the forested river valley to reach Najing Dingma.

**Overnight: Tea House (Meals: BLD)**

---

**Day 6: Trek from Najing Dingma to Cholem Pati, 3,160m/10,367ft - 6-7 hours.**

---

Today you have a steep climb to the tea house at Bhairum Danda at 3,280m/10,761ft where you will have stunning all round views of peaks and valleys. You then continue climbing to the high point for the day at 3,350m/10,991ft, before a steep descent back to the river and a welcome lunch stop. After lunch you follow a roller coaster trail through stunning forest, including some quite steep sections.

At the end of the day you cross the river on a remarkable bridge made from a huge tree trunk to reach Cholem Pati.

**Overnight: Tea House (Meals: BLD)**

---

**Day 7: Trek to Khola Kharka, 3,600m/11,811ft - 5-6 hours.**

---

Heading north you follow the Hinkhu Khola, trekking through moss hung forest with many ups and downs as you negotiate side valleys and rocky ridges. Your overall height gradually increases until finally, after crossing a broad ridge of mixed forest you reach a sandy, boulder choked area known as Khola Kharka.

**Overnight: Tea House (Meals: BLD)**

---

**Day 8: Trek from Khola Kharka to Kote Mausam Kharka, 3,691m/12,110 - 6-7 hours.**

---

Today you are walking from one kharkha to another - a kharkha being a high altitude grazing pasture for yaks and other animals. The trail today involves many ups and downs and you may be beginning to feel the altitude mildly.

Finally you arrive at Kote, a little village with a handful of newly built lodges located on a small plateau.

**Overnight: Tea House (Meals: BLD)**

---

**Day 9: Trek to Tangnag, 4,350m/14,271ft - 5 hours.**

---

You begin trekking gradually uphill besides the Hinku Kola on a boulder-strewn path. The scenery changes today, from woodland to scrub and moraine as you climb to in excess of 4,000m/13,000ft. You will undoubtedly feel the altitude today as you ascend. You have superb views of Kyashar, 6,800m/22,309ft, and Kusum Karguru, 6,100m/20,013ft, at the head of the valley.

After approximately 5 hours walking, you reach the settlement of Tangnag and its collection of huts and lodges.

**Overnight: Tea House (Meals: BLD)**

---

---

**Day 10: Acclimatisation day at Tangnag.**

---

A return trek to Dig Kharka, 4,660m/15,288ft, provides good acclimatisation. You leave Tangnag and begin trekking along a boulder-strewn path. After about an hour's gradual climb, you begin a gently rising traverse, until you reach a flat piece of ground known as Dig Kharka. The walk takes about two and a half hours to ascend and one and a half hours to descend. You have a good view of your route up towards the base camp and partial views of Mera from Dig Kharka. The scenery today is spectacular as you are encircled amongst snow-capped giants.

**Overnight: Tea House (Meals: BLD)**

---

**Day 11: Trek from Tangnag to Khare, 5,000m/16,404ft - 5-6 Hours.**

---

You trek towards the head of the valley, before a steep half hour's climb. The panoramic mountain scenery is magnificent as you continue to ascend more gradually all the way to Khare, 5,000m/16,404ft, at the head of the valley. There are a collection of huts and lodges here and good flat camping ground. You will have spectacular views, and can see your route climbing towards the ridge en route to the Mera La.

**Overnight: Tea House (Meals: BLD)**

---

**Day 12: Khare acclimatisation day.**

---

We recommend that you either trek up the ridge behind the campsite for an hour or so, or walk up towards Mera Base Camp. Your trek leader will advise on the possibilities.

**Overnight: Tea House (Meals: BLD)**

---

**Day 13: Trek up to the glacier and cross glacier to High Camp, 5,800m/19,029ft - 6-7 hours.**

---

Leaving Khare you walk on a good path up to the glacier where you don crampons and head out onto the glacier. After an initial steep slope the angle eases off and you walk to the Mera La, with spectacular views en route. From here you can see the rocky outcrop which is your High Camp at 5,800m/19,029ft. High Camp gives superb views of Kanchenjunga, Chamlang and Baruntse to the East, Everest, Lhotse and Nuptse to the North and Ama Dablam, Cho Oyo and Kantega to the West.

**Overnight: Camp (Meals: BLD)**

---

**Day 14: Summit day! Climb Mera Peak, 6,476m/21,246ft. Descend and trek to Mera La, 5,400m/16,404ft - 9-10 hours.**

---

Today, a very early morning start is required, so you will start your long day by walking in head-torch light. Dressed warmly, you slowly make your way to the summit (5-6 hours) where you will be rewarded for all your efforts with the most stunning panoramic views of 8,000m giants, including Mount Everest. From the summit, you head back down to High Camp for an early lunch and then continue down to the Mera La.

Today is a very long day, but extremely satisfying. In the event of inclement weather the 'spare day' (Day 17) will be used here to give a second chance at a summit attempt.

**Overnight: Camp (Meals: BLD)**

---

**Day 15: Trek to Tangnag.**

---

Re-trace your steps.

**Overnight: Tea House (Meals: BLD)**

---

---

**Day 16: Trek to Kote.**

---

Re-trace your steps.

**Overnight: Tea House (Meals: BLD)**

---

**Day 17: Rest day / Spare day.**

---

This 'spare' day may be used for a second summit attempt in the event of unsuitable conditions on Day 14 - Mera Peak summit day.

**Overnight: Tea House (Meals: BLD)**

---

**Day 18: Trek to Tuli Kharka, 4,300m/14,107ft - 6-7 hours.**

---

You follow the Hinku Khola downstream for a short while before heading up to the right through rhododendron forest back up to Takthok - home to a solitary tea house. You can either have lunch here or continue upwards on the trail to Lukla for 1½ hours to a couple of huts. You continue weaving your way up the beautiful zigzag forest trail for a couple of hours before the path becomes narrow and precipitous, you then traverse around the hillside for half an hour or so. You eventually arrive at a col marked with a large chorten. An undulating path, on terrain not dissimilar to the Scottish Highlands, brings you to Tuli Kharka - a small hamlet comprising of a couple of tea houses, a few huts and plenty of good camping ground.

**Overnight: Tea House (Meals: BLD)**

---

**Day 19: Trek back to Lukla over the Zetra La, 4,500m/14,764ft - 7 hours.**

---

Quite a long day today with a lot of descent. You ascend for an hour or so to the first col, marked by chortens, on a good trail. After this you traverse for about half an hour to the Zetra La pass 4,500m/14,764ft, marked by prayer flags, before a fairly steep descent brings you to a tea shop and a well-earned rest! Descending from the pass can be fairly treacherous when covered with snow if you are ill-prepared. Ensure you are carrying crampons and have an ice-axe if it is snow covered. Leaving the tea shop, you continue to descend for an hour or so through rhododendron forest until you reach your lunch spot. After this you continue through denuded forest and then cultivated farmland to reach Lukla.

**Overnight: Tea House (Meals: BLD)**

---

**Day 20: Fly from Lukla to Kathmandu.**

---

Another chance to enjoy this great flight, but please note that flights into Lukla are sometimes delayed due to weather conditions either in fog-bound Kathmandu, or windy Lukla; be reassured that our staff in Lukla and in Kathmandu will be doing everything possible to minimise the inconvenience caused if this happens. Your patience in these trying circumstances, which can occur, will be greatly appreciated. Your final day of leisure in Kathmandu does of course provide a valuable 'cushion' against missing your flight home to the UK should the Lukla flight be delayed. Transfer to hotel.

**Overnight: Kathmandu Guest House or Shangri La Hotel, Kathmandu (Meals: B)**

---

**Day 21: At Leisure in Kathmandu. Group transfer to airport. Depart for London.**

---

You will have time at leisure in Kathmandu today when you may do some sightseeing or shopping or simply relax at your hotel. Later there will be a transfer to the airport for your overnight flight to the UK.

**Overnight: In flight (Meals: B)**

---

**Day 22: Arrive London.**

---

## Our grading system

---

Mera Peak is graded as an Expedition Grade trekking peak holiday, as described below.

### **Expedition Grade**

These trips all involve long, hard days on trek and may include nights spent camping above the snow line. Ice axe, crampons and safety ropes may be used. These high altitude trips provide a considerable physical challenge and some technical experience may also be required.

Suitable for those with strenuous trekking experience in high mountain environments.

## Trip altitude

---

**Important** - please be aware that this trip involves travel at altitude. Whilst all our itineraries are carefully designed to optimise acclimatisation to high altitudes, participants on this trip are likely to experience some symptoms of being at altitude. The Dossier pack we provide when you book your holiday includes comprehensive advice on safe travel at altitude. If you require further information or advice on travel at altitude prior to booking please contact the office to speak to an experienced member of our team. # Your accommodation

## Hotels

We will endeavour to secure the hotels named in the itinerary but if our first choice of hotel is not available we will book a suitable alternative of a similar standard.

### **Kathmandu Guest House, Kathmandu (2022 and spring 2023 departures)**

The Kathmandu Guest House is a 4\* hotel situated right in the heart of Thamel - the tourist hub of the city. Known as Kathmandu's 'original hotel' it has been extensively renovated over recent years and has good quality rooms, a spa, gardens and a restaurant. The hotel also houses the excellent Museum of Nepali Art (MONA) which showcases traditional and contemporary works of art - admission is free for Mountain Kingdoms guests.

### **Shangri La Hotel, Kathmandu (Autumn 2023 departures)**

The Shangri La Hotel is a 4\* hotel of character, just a stone's throw from the British Embassy and only a 20 minute walk or short taxi ride into the popular tourist area of Thamel. The hotel has a swimming pool, a lovely, landscaped garden, and a choice of restaurants and bars. Recent entertainment additions include a casino and fitness centre.

## **Tea Houses**

Tea houses are a long established tradition in the trekking regions of Nepal, providing an important source of income for the local people. They vary in size and quality. Tea houses offer simple accommodation comprising twin bedded rooms and basic toilets - not usually en suite. Many tea houses also offer rudimentary hot showers for a small fee. Some tea houses have a limited supply of solar powered electricity but this is not always the case so have a head torch handy. Meals are taken in a communal dining area which is warmed by a wood or yak-dung burning stove. Most trekkers relax here for the evening.

For various reasons, it is not possible to guarantee single rooms in tea houses. If you are travelling without a companion and would like a single this may sometimes be possible upon payment of a small supplement on the spot (usually around \$10). Alternatively, if the tea house has an odd number of guests on the night you may be lucky and find yourself in a room on your own. However it is more likely you will share with someone (of the same sex obviously). This would most likely be someone within your group but when the tea houses are busy, it could even be someone else. Be prepared for this! We do however offer the option of a single room in your hotel in Kathmandu for a supplement.

## **Camping**

The staff complement of cooks, put up and take down tents, make the tea, cook the food, wash the dishes, and load the porters or pack animals. Your kit bag is carried for you either by porters or pack animals and you just trek with a light day sack.

## The nature of adventure travel

---

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

- A buffer day to give you two chances of summiting Mera Peak in case of bad weather on one day.
- A good quality down jacket and down sleeping bags, supplied in country, free of charge, for use on trek.
- Good food and hygiene to keep you well is one of our main priorities. Our cooks and trekking staff are well trained to ensure your food and drinking water is safe. In the tea houses, your guide will be supervising the kitchen.
- The right time to go - dates are chosen to fit with the best chance of good weather.
- Fully portered - your main kit bag is portered throughout the expedition so that you only need to carry a light day sack even on summit day.
- 4 star hotel in Kathmandu - it's nice to have a high quality hotel to relax in after your trek.
- Our office has first-hand experience - Niki Morgan in our office has summited Mera Peak and is happy to answer any questions you may have.
- Our maximum group size is 12 for this trip. This provides for a genuine small group travel experience and helps reduce the negative aspects often associated with larger trekking groups.
- We offer a flexible service and can extend your holiday with extra hotel nights, upgrades and exciting activities.
- As part of our commitment to 'Tourism Declares a Climate Emergency', we will be carbon-offsetting all international flights booked through us by donating funds to the Ecoan Tree Planting Project in Peru.
- If you wish to fly with a specific airline, from a regional UK airport or on alternative dates to the main group we would be happy to arrange this for you. Please contact our Flights team for flight options, quotes and further information.

If we've tempted you to take your next holiday with us, we advise you to check availability and you can do this via our website: [www.mountainkingdoms.com](http://www.mountainkingdoms.com) or by calling the team on +44 (0)1453 844400. ## What our clients say

---

*Fantastic experience with Mountain Kingdoms! We had a party of 4, all of whom summited Mera Peak on 11 April 2019. We had an excellent guide and team looking after us, changes to the itinerary and route that were made necessary due to heavy snowfall were dealt with smoothly and professionally. A good overview of our acclimatisation progress was kept by our guide, to gauge our readiness for the summit attempt. We were provided good food, snacks and hot drinks, even on the trail. The support of the local organisation was superb and we all thoroughly enjoyed our trip.*

*-Mr G, Netherlands*

*What an amazing experience, with so much in the news at the moment on the Alternative 'tourist' trails this one left us spoilt with spectacular scenery and relative quiet. Superb organisation and a fantastic highly experienced crew, we were never in doubt that we were in good hands. I'd highly recommend MK and would certainly use them again, as a first timer on a trek like this it was great to have such thorough organisation.*

*-Mr H, Surrey*

*It was my first trip with MK. As such it was an unforgettable experience. Very well lead, ideal acclimatisation.*

*-Mr G M, Derby*

*Excellent trek, very enjoyable though very tough. Group leader was excellent. Mera Peak is certainly one of the experiences you'll never forget.*

*-Mr G, Leeds*

*As this was my 5th trek with MK, it is the service you provide from beginning to end, from the brochure through to the assistance given with any queries one may have.*

*-Mr B, Essex*

*An excellent trip all round, especially the compatibility of the clients, and the firm and cautious leadership.*

*-Mr V S, South Africa*

# Mountain Kingdoms - distinctly different

## **Truly independent**

In an age where many so-called 'independent' travel companies have in fact been bought out by multi-national giants, we remain fiercely independent with all the benefits this offers our clients.

## **Value for money prices with an emphasis on quality**

We are not in the business of cutting our itineraries and services to the bone to offer eye-catching cheap prices. We use some of the best airlines, and typically 3 or 4 star hotels in cities. We include the majority of meals and private transport for road travel. We use excellent equipment and appoint well-trained staff and leaders. Last year, over 98% of our clients rated their Mountain Kingdoms holiday as 'excellent' or 'good'. We are members of AITO and bound by their quality charter.

## **Complete financial security**

You can book with us confident that your holiday has full financial protection. Flight inclusive holidays are financially protected by the Civil Aviation Authority under ATOL licence number 2973 and 'Land Only' holidays are covered by a bond secured with ABTOT.

## **No Surcharge Guarantee**

Your peace of mind is important to us so we have a No Surcharge Guarantee on all Land Only and Flight Inclusive bookings. This means that there will be no change to the price of your holiday once we have confirmed your booking, regardless of fluctuations in exchange rates or fuel prices.

## **Award winning Responsible Tourism**

We feel strongly that all our holidays should benefit local communities, protect the environment and respect local traditions, religion and heritage. You can read more about the charities we support and our Responsible Tourism commitments and initiatives on the following page or at [www.mountainkingdoms.com](http://www.mountainkingdoms.com).

## **Genuine small group travel**

Almost all of our holidays have a maximum group size of just 12, plus leader. This provides more contact with your leader, readier access to off-the-beaten-path areas, greater interaction with local communities and a reduced environmental impact.

## **Loyalty Discount**

If you have previously travelled with us we recognise your loyalty with a discount on future trips.

## **Booking your holiday - it couldn't be easier**

Once you've chosen your Mountain Kingdoms holiday you can book online, call the office or complete and post a booking form which can be found in our brochure or downloaded from our website. If you would like to hold a place on one of our trips, whilst you make up your mind, please give us a call to make a provisional booking. This is a no-obligation, no-cost booking and we will hold your place until space comes under pressure or we need your decision.

## **Comprehensive information**

When we receive your booking we send you a full trip dossier which contains details of visas and vaccinations required, a suggested gear and clothing list and lots of useful information. In fact, everything you need to know to give you peace of mind and allow you to prepare for your trip of a lifetime.

## RESPONSIBLE TOURISM STATEMENT CLIMATE EMERGENCY PLAN

For over 33 years, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now offer trips to all corners of the world, but we are conscious that inevitably our holidays have a detrimental impact on the world around us, and we want to do all we can to reduce our carbon emissions. We are a signatory to Tourism Declares a Climate Emergency, along with a growing number of like-minded, reputable tour operators. For more information, please visit [www.tourismdeclares.com](http://www.tourismdeclares.com)

From 2020 onwards, we will be focusing on how we can reduce the carbon emissions that our holidays produce, and how to counterbalance this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole:

### **Carbon Offsetting**

#### **Already doing:**

- ✓ We have been offsetting carbon since 2007, but will be increasing our donations to the [Ecoan tree planting project](#) in Peru this year. This is with a trusted partner where the funds go directly to a project where the community plants trees on its own land.

#### **Will do:**

- ✓ We are working on making our carbon offsetting more accurate and targeted.
- ✓ In future, we will add to that a further estimate for carbon produced by hotels, local road travel, trains and internal flights to arrive at a carbon offset sum for each trip we operate.
- ✓ Carbon offsetting will be included in our holiday prices. For our Flight Inclusive holidays it will include the international flight and any emissions produced by inland travel and accommodation. Our Land Only prices will include the cost of offsetting emissions caused by inland travel and accommodation.

### **Reducing Carbon Emissions**

#### **Already doing:**

- ✓ We already offer the majority of our customers a free filtered water bottle which means they can instantly cut down on their single-use plastic consumption. This will be an ongoing project.
- ✓ We already predominantly use locally owned hotels, but will continue to ensure that, where possible, we use these rather than multinational chains.
- ✓ We have joined the Tourism Declares a Climate Emergency initiative to stand alongside like-minded travel companies, to work together to initiate best practices to make tourism as sustainable as possible.

#### **Will do:**

- ✓ We will re-evaluate our flights to make sure we are using the most fuel efficient airlines with the youngest fleets and, where possible, direct flights for each trip.
- ✓ We will stop offering unnecessary optional flights – for example our Everest sightseeing trip.
- ✓ We will eliminate unnecessary staff flights wherever possible.
- ✓ We will look at minimising internal flights.
- ✓ We will be asking all our worldwide agents and suppliers to look at their own carbon footprint and encourage them to reduce it.
- ✓ We will promote our more low impact trips to give customers an informed choice.

As part of our wider commitment to Responsible Tourism, we will continue to support a number of charities with whom we have had a long standing relationship over many years. These include: Shiva Charity in Nepal (Ginette Harrison School), Simien Mountains Mobile Medical Service and Porter Welfare, as well as setting aside a sum for emergency disaster relief should the need arise.
