Trip summary

This fantastic trek between the twin peaks of Mount Kharkiraa and Mount Turgen, begins in the Uliastai Valley in the remote Uvs Province. From the start, the scenery is wild and beautiful with snow-topped mountains, wide-open plateau, steep-sided valleys and carpets of wildflowers forming the captivating backdrop to the trek.

You begin by trekking over a high pass to reach the jewel-like waters of Shar Lake. From here you cross several lower passes to reach the Kharkiraa river basin and some ancient warrior graves. As you follow the flower-strewn river valley, you pass a wall of red cliffs, leading you to the foot of the Kharkhiraa Pass. Then come two days of hard ascent as you climb first the Kharkhiraa Pass and then the Yamaatiin pass (both around 3,000m/10,000ft), but your strenuous efforts are rewarded with spectacular, far-reaching views. Your trek ends in the Yamaatiin Valley where the flora and geology is in stark contrast to what you have previously experienced - it is one of the most remote and scenically stunning in all Mongolia.

This is a truly untamed region where local people live a continuous nomadic existence and you will undoubtedly encounter their 'open house' hospitality if you happen to meet them on the trail. You'll be accompanied by an experienced local guide and trek support crew, with camels to carry the equipment. Each night will be spent camping in beautiful, peaceful locations giving a total sense of extraction from the outside world.

Mongolia

Outer Mongolia, one of the most sparsely populated places on earth, is a vast country more than six times the size of Great Britain. In fact it is 604,000 sq. miles and that is bigger than France, Germany, Spain, England, Scotland, Wales and Belgium added together. Yet its population is a little over 2 million compared with 220 million! Historically the people have lived a nomadic existence, and even now nearly half of the two and a half million people live in the traditional round white tent or "ger", many moving frequently with their animal herds throughout the year. There are regions of steppe (grass land), desert, mountain and forest, each of which provides its own unspoiled habitat for unique species of plants and animals. The summer months of July and August are the best times to visit as the weather is at its best (though still unpredictable!), wild flowers are abundant and everyone is in holiday mood.

Special notes

Ulaangom flights

The domestic flight schedule to Ulaangom is subject to change. If the schedule changes and there is no longer a flight from Ulaanbaatar to Ulaangom on Day 3, you will fly to Khovd town or Ulgii and drive 200km to Ulaangom instead.

Your trip itinerary

Day 1: Fly London to Ulaanbaatar.

Fly from London to Ulaanbaatar.

Overnight: In flight.

Day 2: Arrive Ulaanbaatar. Group transfer to hotel.

You will arrive in Ulaanbaatar in the afternoon when you will be met and transferred to your hotel.

Ulaanbaatar is the capital of Mongolia and has a population of about one million people which means that it is home to over a third of the total population of Mongolia. Not surprisingly then, it is also the country's economic, cultural and political centre. You will quite likely witness traditional horsemen with their cattle, escorting them down the wide streets with parked cars either side. The city is located on the banks of the Tuul River and is surrounded by mountains, dense forests and of course the grassy steppes to the south.

Overnight: Bayangol Hotel, Ulaanbaatar

Day 3: Fly to Ulaangom, Khovd or Ulgii. Transfer to campsite at Khundii Belchir by the Kharkhiraa River - 55km, 2-3 hours driving.

This morning you will be transferred to the airport for your domestic flight. Depending on the flight schedules you will fly direct to Ulaangom or, alternatively, to either Khovd or Ulgii followed by a 5-6 hour drive to Ulaangom. On arrival at Ulaangom you will be taken by jeep to your first campsite at Khundii Belchir by the shore of the Kharkhiraa River. Here you will meet your trek staff and camels and settle in for the night.

Please note that if your flight from Ulaanbaatar leaves before midday you will receive lunch either as a boxed lunch on the plane or when you arrive at your destination. If you are not due to fly till the afternoon, lunch will not be included.

Overnight: Camp (Meals: B D)

Day 4: Trek up and over a high pass, 2,400m, to reach Shar Lake - 5-6 hours.

Your trek begins with a climb to cross a high pass at 2,400 metres from where there are magnificent views of the valley below and the Kharkhiraa mountain range. Your route then takes you down to Shar Lake and your second campsite at Shariin Khutul on the edge of the lake. Today you have your first experience of the vast open spaces, nomadic flocks, and ancient burial mounds that characterise this wild region. You may also see black kites circling overhead, Demoiselle cranes and Whooper swans on the lake.

Overnight: Camp (Meals: BLD)

Day 5: Trek over four low passes to the Kharkhiraa River basin including a crossing of the Turgen River by horse - 6-7 hours.

Today you will trek over four low passes to reach the Kharkhiraa River and pass by some ancient (7th and 8th century) warriors' graves and standing stones. You then continue along the valley until you reach the Turgen River which you cross by horse.

Your trail then takes you through a stunning display of edelweiss and gentian flowers that carpet the valley until you eventually reach your campsite at Khar Bulag in the Kharkhiraa River basin.

Overnight: Camp (Meals: BLD)

Day 6: Trek to the base of the Kharkhiraa Pass, 2,530m/8,300ft - 7 hours.

You trek along the valley of the Kharkhiraa River, past a dramatic wall of red cliffs, with occasional views of Mount Turgan, climbing gradually, to reach the base of Kharkhiraa Pass. You will camp in a dramatic valley surrounded by high snow-capped mountains. Camp altitude - 2,530m/8,300ft approx.

Overnight: Camp (Meals: BLD)

Day 7: Rest day.

A chance to rest and explore the stunning area. Your guide will suggest a suitable short walk on this day.

Overnight: Camp (Meals: BLD)

Day 8: Cross the Kharkhiraa Pass, 2,930m /9,610ft, to lake camp at 2,475m/8,120ft, 500m ascent/500m descent - 5 hours.

You will climb steeply up 400m/1,300ft to the pass then cross the high open plateau, where you will be rewarded by views of several glaciers and high peaks. There will be a couple of river crossings by horse today. The ground may be quite boggy and the going tough. It is extremely remote and wild up here.

You enjoy lunch beside a beautiful turquoise lake beneath the glacier of Deglee Tsagaan Mountain before continuing trekking to reach the Turgan Mountain National Protected Area and another lake which is your campsite for the night. The altitude at the campsite is 2,475m.

Overnight: Camp (Meals: BLD)

Day 9: Cross the Yamaatiin Pass, 2,944m/9,656ft and trek to Yamaatiin River at 2,160m/7,103ft, 500m ascent/800m descent - 7 ½ hours.

Today, you will take a lift on horses to cross the icy river, then climb up and across another expanse of wilderness to reach the base of Yamaatiin Pass. There is a good track up to the pass which is used by nomadic families moving from one valley to the next. From the top of the pass, you take the steep and dramatic track down into the Yamaatiin Valley. You camp beside the Yamaatiin River near the snow-capped Yamaatiin Mountain. You may well see marmots, pika and vultures here. Altitude at camp - 2,160m.

Overnight: Camp (Meals: BLD)

Day 10: Trek through the Yamaatiin Valley, 1,865m/6,118ft - 7 ½ hours.

You will cross the river and trek down the beautiful valley which is enclosed on both sides by high cliffs with amazing and unusual rock formations. "Yamaa" means "goat" and there may be sightings of herds of wild goats (ibex) in the rocks. Highlights of today's include larch woods and a profusion of Edelweiss. The camp will be set up further down the valley beside the pinewoods. This valley is a protected reserve, so the flora grows undisturbed by domesticated animals. You camp at around 1,865m and your driver and vehicles will join you for your final night on trek.

Overnight: Camp (Meals: BLD)

Day 11: Jeep to Ulaangom town (or Ulgii or Khovd depending on internal flight schedule).

You say farewell to your trek team and camels after breakfast and make the journey back to Ulaangom. Depending on the flight schedules, you may have to drive to Ulgii or Khovd instead).

Overnight: Hotel In Ulaangom (Meals: BLD)

Day 12: Fly from Ulaangom to Ulaanbaatar. City tour if time permits.

Today you will fly to Ulaanbaatar, where you will be met on arrival and transferred to your hotel. If the flight schedule allows you will have a tour of the city taking in either the Museum of National History or Natural History Museum with its excellent display of dinosaur remains.

Overnight: Bayangol Hotel, Ulaanbaatar (Meals: B)

Day 13: Day at leisure in Ulaanbaatar.

Today is free for you to do some further exploration of Ulaanbaatar or simply relax at your hotel.

Overnight: Bayangol Hotel, Ulaanbaatar (Meals: B)

Day 14: Transfer to airport. Fly to London.

After breakfast there will be a group transfer to the airport for the flight back to London. **(Meals:B)**

Our grading system

Mongolian Wilderness Trek is graded as a Moderate trekking holiday, as described below.

Moderate

Holidays in this grade typically involve 5 to 10 days of walking or trekking. They will often venture into more remote country and can cross mountain passes. Trip altitude

Important - please be aware that this trip involves travel at altitude. Whilst all our itineraries are carefully designed to optimise acclimatisation to high altitudes, participants on this trip are likely to experience some symptoms of being at altitude. The Dossier pack we provide when you book your holiday includes comprehensive advice on safe travel at altitude. If you require further information or advice on travel at altitude prior to booking please contact the office to speak to an experienced member of our team. Alternatively we recommend www.medex.org.uk as a good source of information.

Water-to-Go Reusable Bottle Campaign

We have joined the campaign to help cut down on the use of plastics and, in particular, single-use water bottles. To do this we have teamed up with the revolutionary company, Water-to-Go who have developed a multi-use drinking bottle with a reusable filter that eliminates over 99.9% of all microbiological contaminants. This makes water from virtually any source safe to drink and significantly reduces the need for travellers to buy bottles of water wherever they are in the world.

Our clients who are not given a free Mountain Kingdoms kit bag for their holiday (these are required for certain treks), will instead receive a free Mountain Kingdoms Water-to-Go bottle. These unique Water-to-Go bottles can also be purchased from us at a discounted rate.

For further information about our campaign visit <https://www.mountainkingdoms.com/water-to-go-reusable-bottle-campaign>.

Your accommodation

We will endeavour to secure the hotels named in the itinerary but if our first choice of hotel is not available we will book a suitable alternative of a similar standard.

Bayangol Hotel, Ulaanbaatar

We use the Bayangol Hotel, a good standard, 4 star hotel, with all the amenities. It is modern and smart with good service and is one of the best hotels in town.

Camp

On this camping trek, the following are provided: a sleeping tent, a dining tent, and a toilet tent exclusively for your group to use. The trek staff put up and take down tents, make the tea, cook the food, wash the dishes, and load the pack animals. Your kit bag is carried for you by pack animals and you just trek with a light day sack.

Hotel In Ulaangom

We use a hotel which will be simple and basic.

Meal arrangements

12 x breakfasts, 8 x lunches, 9 x dinners. Bed and Breakfast in Ulaanbaatar, all meals elsewhere in Mongolia. On day 3 lunch will be included if you leave Ulaanbaatar before midday.

Flight arrangements

Flight inclusive from price

Our 'Flight inclusive from' price is based on the best fare available at the time of printing. As airfares change on a constant basis, this should be used only as a guide price. Rest assured that, at the time of booking, we will endeavour to get the best possible price for the flights you need. Remember, the earlier you book the greater your chances of securing the best fare.

Flight inclusive packages booked through Mountain Kingdoms are protected through our ATOL bonding scheme.

Flight upgrades and regional Airports

If you do have queries at this initial stage do call us on 01453 844400 and we will be pleased to offer advice.

The nature of adventure travel

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

-Mr & Mrs B, Leek

This was an amazing trek and we thoroughly enjoyed it, particularly the opportunity to meet nomads in the remote areas and partake in their hospitality. The guide in Ulaanbaatar was excellent.

-Miss B, Derbyshire

Transport worked well, leader was knowledgeable and food was good. Route was good with a feeling of remoteness.

- Mr H, South Humberside

Mountain Kingdoms - distinctly different

Truly independent

In an age where many so-called 'independent' travel companies have in fact been bought out by multi-national giants, we remain fiercely independent with all the benefits this offers our clients.

Value for money prices with an emphasis on quality

We are not in the business of cutting our itineraries and services to the bone to offer eye-catching cheap prices. We use some of the best airlines, and typically 3 or 4 star hotels in cities. We include the majority of meals and private transport for road travel. We use excellent equipment and appoint well-trained staff and leaders. Last year, over 98% of our clients rated their Mountain Kingdoms holiday as 'excellent' or 'good'. We are members of AITO and bound by their quality charter.

You can book with us confident that your holiday has full financial protection. Flight inclusive holidays are financially protected by the Civil Aviation Authority under ATOL licence number 2973 and 'Land Only' holidays are covered by a bond secured with ABTOT.

No Surcharge Guarantee

Your peace of mind is important to us so we have a No Surcharge Guarantee on all Land Only and Flight Inclusive bookings. This means that there will be no change to the price of your holiday once we have confirmed your booking, regardless of fluctuations in exchange rates or fuel prices.

Award winning Responsible Tourism

We feel strongly that all our holidays should benefit local communities, protect the environment and respect local traditions, religion and heritage. You can read more about the charities we support and our Responsible Tourism commitments and initiatives on the following page or at www.mountainkingdoms.com.

Almost all of our holidays have a maximum group size of just 12, plus leader. This provides more contact with your leader, readier access to off-the-beaten-path areas, greater interaction with local communities and a reduced environmental impact.

RESPONSIBLE TOURISM STATEMENT CLIMATE EMERGENCY PLAN

For over 33 years, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now offer trips to all corners of the world, but we are conscious that inevitably our holidays have a detrimental impact on the world around us, and we want to do all we can to reduce our carbon emissions. We are a signatory to Tourism Declares a Climate Emergency, along with a growing number of like-minded, reputable tour operators. For more information, please visit www.tourismdeclares.com

From 2020 onwards, we will be focusing on how we can reduce the carbon emissions that our holidays produce, and how to counterbalance this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole:

Carbon Offsetting

Already doing:

- ✓ We have been offsetting carbon since 2007, but will be increasing our donations to the [Ecoan tree planting project](#) in Peru this year. This is with a trusted partner where the funds go directly to a project where the community plants trees on its own land.

Will do:

- ✓ We are working on making our carbon offsetting more accurate and targeted.
- ✓ In future, we will add to that a further estimate for carbon produced by hotels, local road travel, trains and internal flights to arrive at a carbon offset sum for each trip we operate.
- ✓ Carbon offsetting will be included in our holiday prices. For our Flight Inclusive holidays it will include the international flight and any emissions produced by inland travel and accommodation. Our Land Only prices will include the cost of offsetting emissions caused by inland travel and accommodation.

Reducing Carbon Emissions

Already doing:

- ✓ We already offer the majority of our customers a free filtered water bottle which means they can instantly cut down on their single-use plastic consumption. This will be an ongoing project.
- ✓ We already predominantly use locally owned hotels, but will continue to ensure that, where possible, we use these rather than multinational chains.
- ✓ We have joined the Tourism Declares a Climate Emergency initiative to stand alongside like-minded travel companies, to work together to initiate best practices to make tourism as sustainable as possible.

Will do:

- ✓ We will re-evaluate our flights to make sure we are using the most fuel efficient airlines with the youngest fleets and, where possible, direct flights for each trip.
- ✓ We will stop offering unnecessary optional flights – for example our Everest sightseeing trip.
- ✓ We will eliminate unnecessary staff flights wherever possible.
- ✓ We will look at minimising internal flights.
- ✓ We will be asking all our worldwide agents and suppliers to look at their own carbon footprint and encourage them to reduce it.
- ✓ We will promote our more low impact trips to give customers an informed choice.

As part of our wider commitment to Responsible Tourism, we will continue to support a number of charities with whom we have had a long standing relationship over many years. These include: Shiva Charity in Nepal (Ginette Harrison School), Simien Mountains Mobile Medical Service and Porter Welfare, as well as setting aside a sum for emergency disaster relief should the need arise.
