Tailor Made service

We pride ourselves on the level of quality and choice we provide for our clients who want a fully tailor made holiday. A holiday will be created especially for you by one of our well-travelled experts. They will be able to advise on the accommodation best suited to your needs, the sights you should visit (and those to avoid!) and the best walks and activities matched to your ability. In short, we will work together with you to create your perfect holiday. If you would like to explore the idea of a Tailor Made holiday with Mountain Kingdoms then please call us on +44 (0)1453 844400 or see the Tailor Made pages of our website for further inspiration.

Your guide

On board are expert, English-speaking guides who have an intimate knowledge of the area and an infectious passion for nature. They are very hard-working, attentive and helpful. The M/S Expedition has one of the highest ratios of expedition team members to guests - with one expert for every 10 guests there is always someone on hand to answer your questions and provide greater insight and appreciation of the world at its extremes. In addition to support staff there will be at least 14 expedition experts on board – specialising in everything from ornithology to marine biology. The expedition team is comprised of professional and highly skilled historians, marine biologists, and naturalists who offer keen insight and a unique personal perspective to each and every adventure. Their goal is to provide an informed and balanced interpretation of the destination, accomplished through stimulating lectures, day-to-day briefings, and informal discussions.

Your lecturers and Expedition Leader will cover all aspects of the voyage including ornithology, marine biology, geography, geology, history and the environment, as well as practical things like photography. The expedition staff work conscientiously with you on deck and in the field, improving your observational skills to allow you to experience all that the destination has to offer. Their strong sense of ethics and ecological knowledge make for stimulating and mindful conversation whether onshore or at the dinner table. The Expedition staff will pilot the Zodiac landing craft used for shore landings and Zodiac cruises; they are experienced drivers who operate the Zodiacs in a responsible manner.

Trip summary

Journey to the edge of the world on an unforgettable polar expedition around the Arctic realm of the Svalbard Archipelago. From the moment you arrive in Longyearbyen-the northernmost town on Earth-you'll feel the thrill of venturing into one of the planet's most remote and pristine wildernesses. Aboard the M/S Expedition, your home for this voyage, you'll sail through breathtaking fjords, immense glaciers, and vast stretches of sea ice, where polar bears roam and seals rest on drifting floes under the midnight sun.

The M/S Expedition has been fully refurbished to offer both comfort and adventure. Every cabin features sea-facing windows and private en suite facilities, while inviting common areas including a dining room serving exceptional international cuisine, a cosy pub and lounge, and even a gym, sauna, and library make life on board as enriching as your time on the ice. Expert guides in geology, ornithology, and marine biology, along with a resident photographer, will share their knowledge through engaging talks, films, and hands-on experiences that deepen your understanding of this remarkable environment.

Each day brings new discoveries as you explore by Zodiac boats and on foot, getting close to glaciers, icebergs, and the Arctic's abundant wildlife. Accompanied by expert naturalists, you may see Svalbard's unique reindeer, colonies of seabirds, and hopefully, the majestic polar bear in its natural habitat. Depending on the season, you may encounter dramatic ice formations, witness diverse marine life, and experience the profound stillness of the Arctic wilderness. This is truly a voyage of wonder, discovery, and unforgettable natural splendour.

Special notes

Why has Mountain Kingdoms chosen the polar cruise ship the M/S Expedition?

There are many different polar cruise ships; some large, some small, some basic and some luxurious. We believe the M/S Expedition is the best choice because:-

- The ship was extensively refurbished for 2025 and offers high-quality accommodation and facilities
- Smaller ships suffer in the Southern Ocean swells. M/S Expedition is fitted with powerful stabilisers to give comfortable cruising
- The larger polar ships are not so flexible. They cannot get so close to the shore and they suffer from being too impersonal. M/S Expedition carries a maximum of 128 passengers, making it a very friendly experience
- M/S Expedition offers a high guest-to-expert ratio of 1:10. In addition to support staff there will be at least 14 expedition experts on board - specialising in everything from ornithology to marine biology

Facilities, amenities and safety features:

- 360° top observation deck and raised forward observation deck
- All cabins with private en-suite facilities and outside views
- Large fleet of Zodiacs with four stroke engines
- Free expedition parka to use and keep and complimentary wellington boots for the duration of your cruise
- First rate dining - international cuisine in one sitting
- Large aft deck with barbecue facilities
- Gift shop and bar
- Medical centre and cruise doctor
- Library, gym and two jacuzzis
- Large drying room for clothes and boots
- Laundry service (charges apply)
- Designed to 'Ice Class 1A' specifications for service in sea ice
- Six life-rafts with a capacity of 150 persons. Full immersion cold weather survival suits for all passengers and crew

Please note that Wi-Fi is available although a data usage charge will apply.

Your trip itinerary

Day 1: Fly London to Longyearbyen

Fly from London to Longyearbyen. On arrival, look out for our local representative who will direct you to the shuttle bus waiting outside. It's a very short drive from the airport to your hotel in the centre of town.

Tonight will be your first experience of the midnight sun (or a polar day) as the sun doesn't set between mid-April and mid-August in these extreme latitudes. For the duration of your cruise you will have continuous daylight, which does take a little getting used to!

Overnight: Svalbard Hotell - The Vault, Longyearbyen

Day 2: Luggage drop and time at leisure. Embarkation in the afternoon.

After a leisurely breakfast at the hotel, you should take your luggage to the meeting point/luggage drop which is currently at the Svalbard Hotell - Polfareren, in the centre of town. Luggage must be left here between 9:00-12:00. There will be a cruise representative at the luggage store who can provide information about the town and the embarkation process. Once you have dropped your luggage, you are free to explore Longyearbyen for a few hours.

While not the main event, Longyearbyen is an interesting place to spend some time. It is located on Spitsbergen, the largest island in the Svalbard Archipelago, and enjoys a scenic position on the shores of beautiful Adventfjord. The town is the biggest settlement in Svalbard with a population of about 2,060 people and about as many snowmobiles. It has a rustic charm and character, and you can easily spend a few hours visiting the town's museum, church and North Pole Expedition Museum; there are also shops, bars and cafes to enjoy.

Overnight: M / S Expedition (Meals: BLD)

Day 3: Exploration of Svalbard & The Spitsbergen Archipelago

Svalbard is one of the few places on the planet that offers such a wealth and diversity of natural and cultural history sites. And you will spend the next nine days exploring this remote polar region. During your cruise you will visit ice-covered seas, sculpted fjords with breathtaking mountain scenery and glaciers flowing into the sea around you. You will spend time exploring pack ice edges in search of polar bear and walrus, and you may also see Arctic fox and the region's unique reindeer on your landings.

The cruise itinerary is flexible to take advantage of local ice and weather conditions. Distances are relatively short in the Archipelago, and as there are no open ocean crossings, the seas are normally calm. By not having a set itinerary, you take on an expedition spirit and are able to take advantage of the best that Svalbard has to offer. Krossfjord, Konigsfjord, Monaco Glacier, Hinlopen Strait, Northeast Land, Edgeoya, Hornsund and Bellsund are just a few of the places that you may visit on your journey around Svalbard.

Overnight: M / S Expedition (Meals: BLD)

Day 4: Exploration of Svalbard and the Spitsbergen Archipelago.

You will spend time steaming through the ice in search of polar bears hunting seals, and walrus hauled out on ice floes or on sandy beaches. Ivory gulls will be a highlight for the birders. Your Zodiacs will be primed and ready for one or two shore landings per day or to cruise around the ice flows.

Overnight: M / S Expedition (Meals: BLD)

Day 5: Exploration of Svalbard and the Spitsbergen Archipelago.

Ice conditions permitting, you will visit spectacular bird cliffs filled with thousands of murres (guillemots), as well as kittiwakes and glaucous gulls. A little auk colony will also be on your agenda. Highlights on your shore stops will be tiny tundra flowers likely to be at the peak of their blooming at this time of year. The plant life here has adapted to survive in this terrain and you will have the opportunity to observe and discuss some of their adaptations to what is considered a harsh environment.

Overnight: M / S Expedition (Meals: BLD)

Day 6: Exploration of Svalbard and the Spitsbergen Archipelago.

At one or more of your stops, you may see Svalbard's unique subspecies of reindeer. They are much smaller than their southern relatives but still carry impressive antlers. You also have the possibility of seeing Arctic foxes. This is also a land of history: from whaling to reaching for the pole, to trapping, coal mining and war. You will visit some of these historic sites. The Expedition team will be on hand to answer any questions about this spectacular wilderness.

Overnight: M / S Expedition (Meals: BLD)

Day 7: Exploration of Svalbard and the Spitsbergen Archipelago.

Further exploration today with opportunities for wildlife viewing and Zodiac rides - weather permitting. You can also enjoy onboard presentations and lectures from the expedition team on anything from local wildlife to the history and exploration of the Arctic, or you could perhaps do a little reading in the library and conduct your own research.

Overnight: M / S Expedition (Meals: BLD)

Day 8: Exploration of Svalbard and the Spitsbergen Archipelago.

More opportunities to spot polar bears, walruses and other marine life while enjoying the magnificent scenery as you sail around Spitsbergen.

Overnight: M / S Expedition (Meals: BLD)

Day 9: Exploration of Svalbard and the Spitsbergen Archipelago.

Your cruise continues exploring around the archipelago, the crew will select the best options for the weather conditions which will include a landing or cruise in the zodiacs if at all possible. As always, be sure to visit the observation deck at regular intervals and keep your eyes open for wildlife!

Overnight: M / S Expedition (Meals: BLD)

Day 10: Exploration of Svalbard and the Spitsbergen Archipelago.

You may cruise in Zodiacs along the ice edge viewing seals or walrus, in fjords with glaciers spilling down to the sea or in front of spectacular seabird cliffs. You will have opportunities to walk on shore, observe and photograph the Arctic flora and fauna.

As you are in the land of the polar bear, your expedition staff will carry rifles and flare guns on shore for your protection.

Overnight: M / S Expedition (Meals: BLD)

Day 11: Sail to Longyearbyen.

As you sail back into Longyearbyen, this is your final day for exploration, and a last chance to see polar bears and the other amazing wildlife of the Arctic. The evening of your last full day of adventure will find the expedition ship anchored off Longyearbyen.

Overnight: M / S Expedition (Meals: BLD)

Day 12: Disembark M/S Expedition. Transfer to Longyearbyen airport. Fly to London.

Today, after breakfast, you will sadly say farewell to the M/S Expedition. General disembarkation is at 08:00 but for those with earlier flights, there will be an early morning disembarkation and transfer to the airport.

For passengers disembarking at the regular time of 08:00, shuttle transfers will be available to the airport to coincide with flight departures. Timings and luggage arrangements will be confirmed and communicated on board before departure. **(Meals: B)**

Our grading system

Realm of the Polar Bear in Depth is graded as a Tour, as described below.

Tours

Tours may include any of the following activities: sightseeing, visiting local villages, exploring temples, game viewing, birdwatching, husky sledding, mountain flights, city tours and dramatic journeys by road, rail, sea or river. Occasionally there will be short, gentle walks so that you can properly explore the cultural sites you are visiting.

What the price includes

Mountain Kingdoms aims to offer the best value for money. We do not charge extra for meal packages or apply local charges and try to ensure that all the key elements of your holiday are included.

- ✗ Travel insurance
- ✗ Tips
- ✗ Lunches in Longyearbyen

Water-to-Go Reusable Bottle Campaign

We have joined the campaign to help cut down on the use of plastics and, in particular, single-use water bottles. To do this we have teamed up with the revolutionary company, Water-to-Go who have developed a multi-use drinking bottle with a reusable filter that eliminates over 99.9% of all microbiological contaminants. This makes water from virtually any source safe to drink and significantly reduces the need for travellers to buy bottles of water wherever they are in the world.

Our clients, who are not given a free Mountain Kingdoms kit bag for their holiday (these are required for certain treks), will instead receive a free Mountain Kingdoms Water-to-Go bottle. These unique Water-to-Go bottles can also be purchased from us at a discounted rate.

For further information about our campaign visit <https://www.mountainkingdoms.com/water-to-go-reusable-bottle-campaign>.

Your accommodation

Svalbard Hotell - The Vault, Longyearbyen

The Vault is one of Longyearbyen's newest hotels, being completed in 2018. The hotel name is inspired by the Svalbard Global Seed Vault which stores seeds from around the world. It has 35 comfortable, modern rooms with tea and coffee-making facilities and free Wi-Fi. A good buffet breakfast is served daily, and there is also a bar and terrace at the Vault. Dining options can be found within just a few minutes' walk, along with shops and the town's interesting museum.

Meal arrangements

All meals included on board the M/S Expedition. Breakfast included at the hotel on Day 2.

Flight arrangements

Flight inclusive from price

Our 'Flight inclusive from' price is based on the best fare available at the time of printing. As airfares change on a constant basis, this should be used only as a guide price. Rest assured that, at the time of booking, we will endeavour to get the best possible price for the flights you need. Remember, the earlier you book the greater your chances of securing the best fare.

Flight inclusive packages booked through Mountain Kingdoms are protected through our ATOL bonding scheme.

Flight upgrades and regional Airports

Please call us on +44 (0)1453 844400 for flight options from regional UK airports, Business Class upgrades, alternative airlines and stopovers. Please also check our website for the most up to date flight inclusive 'from' prices.

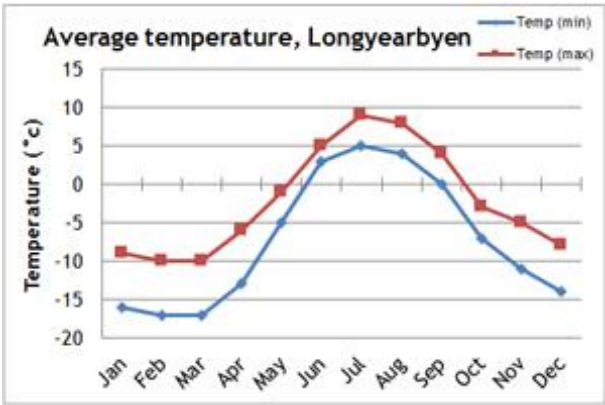

Further information

When we receive your booking, we send you a full Trip Dossier which contains details of any visas and vaccinations required, a suggested gear and clothing list and lots of useful information. If you do have queries at this initial stage do call us on 01453 844400 and we will be pleased to offer advice.

The nature of adventure travel

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

Climate information

What our clients say

Trust in MK to get everything right. More than met our expectations, brilliant sights, exploring and information. And service on board was much more than we expected and up to posh cruise standard.
- Mrs A C, York

Most enjoyable.
- Mr A W, North Somerset

A superb adventure to explore Svalbard via expedition ship, zodiacs, landings and talks. The service, care, and expertise, provided by the guide team and crew was outstanding and ensured we had amazing experiences every day.

Mr & Mrs C, York

An amazing and varied itinerary. Each day is so different showcasing all the the Arctic has to offer. A must for anyone interested in wildlife, Polar exploration, geology or just looking to experience an extraordinary environment.

- Liz Noakes, former Operations Manager, Mountain Kingdoms

Mountain Kingdoms - distinctly different

Truly independent

In an age where many so-called 'independent' travel companies have in fact been bought out by multi-national giants, we remain fiercely independent with all the benefits this offers our clients.

Value for money prices with an emphasis on quality

We are not in the business of cutting our itineraries and services to the bone to offer eye-catching cheap prices. We use some of the best airlines, and typically 3 or 4 star hotels in cities. We include the majority of meals and private transport for road travel. We use excellent equipment and appoint well-trained staff and leaders. Last year, over 98% of our clients rated their Mountain Kingdoms holiday as 'excellent' or 'good'. We are members of AITO and bound by their quality charter.

Complete financial security

You can book with us confident that your holiday has full financial protection. Flight inclusive holidays are financially protected by the Civil Aviation Authority under ATOL licence number 2973 and 'Land Only' holidays are covered by a bond secured with ABTOT.

No Surcharge Guarantee

Your peace of mind is important to us so we have a No Surcharge Guarantee on all Land Only and Flight Inclusive bookings. This means that there will be no change to the price of your holiday once we have confirmed your booking, regardless of fluctuations in exchange rates or fuel prices.

Award winning Responsible Tourism

We feel strongly that all our holidays should benefit local communities, protect the environment and respect local traditions, religion and heritage. You can read more about the charities we support and our Responsible Tourism commitments and initiatives on the following page or at www.mountainkingdoms.com.

Genuine small group travel

Almost all of our holidays have a maximum group size of just 12, plus leader. This provides more contact with your leader, readier access to off-the-beaten-path areas, greater interaction with local communities and a reduced environmental impact.

Loyalty Discount

If you have previously travelled with us we recognise your loyalty with a discount on future trips.

Booking your holiday - it couldn't be easier

Once you've chosen your Mountain Kingdoms holiday you can book online, call the office or complete and post a booking form which can be found in our brochure or downloaded from our website. If you would like to hold a place on one of our trips, whilst you make up your mind, please give us a call to make a provisional booking. This is a no-obligation, no-cost booking and we will hold your place until space comes under pressure or we need your decision.

Comprehensive information

When we receive your booking we send you a full trip dossier which contains details of visas and vaccinations required, a suggested gear and clothing list and lots of useful information. In fact, everything you need to know to give you peace of mind and allow you to prepare for your trip of a lifetime.

RESPONSIBLE TOURISM STATEMENT CLIMATE EMERGENCY PLAN

For over 33 years, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now offer trips to all corners of the world, but we are conscious that inevitably our holidays have a detrimental impact on the world around us, and we want to do all we can to reduce our carbon emissions. We are a signatory to Tourism Declares a Climate Emergency, along with a growing number of like-minded, reputable tour operators. For more information, please visit www.tourismdeclares.com

From 2020 onwards, we will be focusing on how we can reduce the carbon emissions that our holidays produce, and how to counterbalance this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole:

Carbon Offsetting

Already doing:

- ✓ We have been offsetting carbon since 2007, but will be increasing our donations to the [Ecoan tree planting project](#) in Peru this year. This is with a trusted partner where the funds go directly to a project where the community plants trees on its own land.

Will do:

- ✓ We are working on making our carbon offsetting more accurate and targeted.
- ✓ In future, we will add to that a further estimate for carbon produced by hotels, local road travel, trains and internal flights to arrive at a carbon offset sum for each trip we operate.
- ✓ Carbon offsetting will be included in our holiday prices. For our Flight Inclusive holidays it will include the international flight and any emissions produced by inland travel and accommodation. Our Land Only prices will include the cost of offsetting emissions caused by inland travel and accommodation.

Reducing Carbon Emissions

Already doing:

- ✓ We already offer the majority of our customers a free filtered water bottle which means they can instantly cut down on their single-use plastic consumption. This will be an ongoing project.
- ✓ We already predominantly use locally owned hotels, but will continue to ensure that, where possible, we use these rather than multinational chains.
- ✓ We have joined the Tourism Declares a Climate Emergency initiative to stand alongside like-minded travel companies, to work together to initiate best practices to make tourism as sustainable as possible.

Will do:

- ✓ We will re-evaluate our flights to make sure we are using the most fuel efficient airlines with the youngest fleets and, where possible, direct flights for each trip.
- ✓ We will stop offering unnecessary optional flights – for example our Everest sightseeing trip.
- ✓ We will eliminate unnecessary staff flights wherever possible.
- ✓ We will look at minimising internal flights.
- ✓ We will be asking all our worldwide agents and suppliers to look at their own carbon footprint and encourage them to reduce it.
- ✓ We will promote our more low impact trips to give customers an informed choice.

As part of our wider commitment to Responsible Tourism, we will continue to support a number of charities with whom we have had a long standing relationship over many years. These include: Shiva Charity in Nepal (Ginette Harrison School), Simien Mountains Mobile Medical Service and Porter Welfare, as well as setting aside a sum for emergency disaster relief should the need arise.
