If you wish to extend your time in Tanzania we offer three extension options to combine with our Kilimanjaro trips.

You could enjoy a three night safari in Tanzania, one of the best safari destinations in Africa. You begin in Tarangiri National Park, famous for its herds of elephants and other wildlife, before travelling on to Lake Manyara National Park celebrated for its tree climbing lions. Finally, you continue to Ngorongoro to spend a whole day in the Ngorongoro Crater where one of Africa’s great wildlife spectacles is found. During your safari you will stay at Maramboi camp, a luxury tented camp with great views across the Rift Valley, as well as the delightful Ngorongoro Farmhouse, a stylish colonial era farmhouse on a coffee plantation.

A second option is to visit the exotic island of Zanzibar. We suggest a 5 night stay that includes time to relax at a beautiful beach resort and time in Stone Town, the bustling capital of Zanzibar. This UNESCO World Heritage Site has historic buildings, atmospheric back streets, markets, museums, antique shops and restaurants which you can explore from a high quality, well located hotel.

A third option would be to combine a safari with a stay on Zanzibar on a thrilling and varied eight night extension.

If you prefer a longer or shorter safari, a longer or shorter stay in Zanzibar or a different hotel in Zanzibar please contact us to discuss your requirements.
